MANAGING DIRECTOR SPEAKS ABOUT CREW OVERBOARD (COB)

Peter Damisch was the featured speaker at the King Harbor Yacht Club regarding this important topic. COB includes prevention, return, recovery and treatment. It is a fundamental skill that should be mastered by every sailor and unfortunately the nautical gods don't send you a warning if this situation is about to occur. How good are our skills?

Please let us know if you have a non-profit organization in mind that might enjoy hearing more about COB.

BLUEWATER INSTRUCTORS / CAPTAINS / STAFF: WELCOME ABOARD !!

We would like to welcome Andre Mlikotin to our Bluewater Family! He's been supervising the Bluewater office in addition to Simon and Kathleen. Andre has a background in business, but finally came to his senses and decided to have some fun in the wonderful world of sailing.

We would also like to extend a "Welcome Aboard" to Mike Brooks, our newest instructor. He's been sailing for a number of years, is an avid Soling boat racer and is even crazy enough to have his own boat. During his off the water time (which he tries to minimize) Mike spends his time manufacturing apparel.

BLUEWATER HIRING

We continue to look for people who like to have fun, meet and work with great people for both office and on the water positions; especially those individuals with outstanding sailing skills, Coast Guard license and / or ASA Instructor Certificates.

BEST REGARDS AND WE'LL SEE YOU SOON OUT ON THE WATER;

All of Your Friends at Bluewater Sailing!
