Please let us know if you have an organization in mind that might enjoy hearing more about a variety of sailing topics.

A LITTLE NAUTICAL HUMOR FOR YOU (most people would say very little)

A racing sailboat sailed towards a bridge on their way towards the course. One crew member noticed a funeral procession traveling across the bridge. He respectfully

removed his hat and stood silently until the funeral had passed. Another crew member

noticing the action said; "you show a lot of respect for your fellow man."

The crewman returned to his job and said; "what do you expect, I was married to the deceased for over 30 years!"

Is a leak in the back of a boat a 'stern warning'?

HOPE TO SEE YOU SOON OUT ON THE WATER!!!
